Conex™ Dispatch

Operator position for operative communication

Operator position for operative communication

Conex™ Dispatch enables easy and safe operation of all communication equipment even in stressful situations.

Conex™ Dispatch is available as desktop application and mobile app for Android.

The screenshot shows the Voxtronic Conex interface. At the top, a status bar displays 'GSM-R V2.1.30', 'Emergency Call', '10:43', and 'John Doe'. Below this is a call log table with columns for Subscriber, Direction, Call start, Duration, Priority, and Status. The table lists three calls from 'First Dispatcher' at various times. Below the call log is a grid of application buttons for 'Bf.PAM', 'Bf.WULKA', 'FDL', and 'PhoneBook'. A numeric keypad is visible on the right side of the interface. Labels with arrows point to various features: 'Applications' points to the left sidebar; 'Role management' points to the top navigation bar; 'Features' points to the top status bar; 'Journal' points to the call log table; 'Direct access' points to the application grid; 'Current conversations' points to the 'Active Calls' panel on the right; and 'Numeric keypad' points to the keypad area.
