Conex™ Time

Flexible time and attendance with method

Recording of working time

Increase the productivity of your company by precisely and easily recording the presence of your employees.

Conex™ Time is available as a web application, smartphone app and terminal.

Subsequent processing

Operating data acquisition

Resume, edit, or delete activity

Type	Time Range	Duration
Leaving	17:11	
Marketing - Dokumentation Solutions	14:10 - 17:11	03:01
Break	12:10 - 12:40	00:30
Project Management - Administration Administration	08:08 - 11:35	03:27
Coming	08:08	

User Friendly.

Each company is obliged to comply with the current Working Time Act and to keep lawful working time records for the employees. In addition, for operational reasons there is a need for access control in the sense of proof of presence.

Operation time acquisition

The beginning and end of working hours or absences are documented by „COMING“ / „LEAVING“ using a web application, smartphone app or terminal.

Operating data acquisition

Conex™ Time enables the assignment of working hours to cost centers, orders and projects.

ERP-Integration

Connectivity of Conex™ Time to the ERP system Microsoft Business Central (NAV).

Payroll accounting system

Connectivity of Conex™ Time to the time accounting system from Omega Solutions or Infoniqua.

Smartphone App

The smartphone app enables field representatives to benefit from Conex™ Time.

Evaluations

Employees can export evaluations as PDF.

Versatile.

Multifunctional terminal

Operate™ Terminal was specially developed for the requirements of modern operation time acquisition, whose users place high demands on a flexible and elegant design.
