Conex™ Dispatch

Operator position for operative communication

Operator position for operative communication

Conex™ Dispatch enables easy and safe operation of all communication equipment even in stressful situations.
Conex™ Dispatch is available as web and desktop application as well as mobile app for Android.

Conex™ Dispatch can interact with communication subscribers at any time, make important announcements and calls as well as have access to recordings.

Direct access

- All active conversations at a glance
- Individual speed dial
- Quick access to important communication systems such as, company telephony, radio, etc
- Standard and advanced telephony functions (group call, PTT key, monitoring, etc.)

Radio View

Operation of single or grouped radio channels.

Chat

Sending and receiving of short messages (e.g .: SDS, SMS) and use of text modules.

Journal

List of all incoming, outgoing and unanswered calls.

GIS Integration

Direct integration of external geoinformation systems.

Adressbuch und Whalhilfe

Searchable address book and dial help for call destinations.
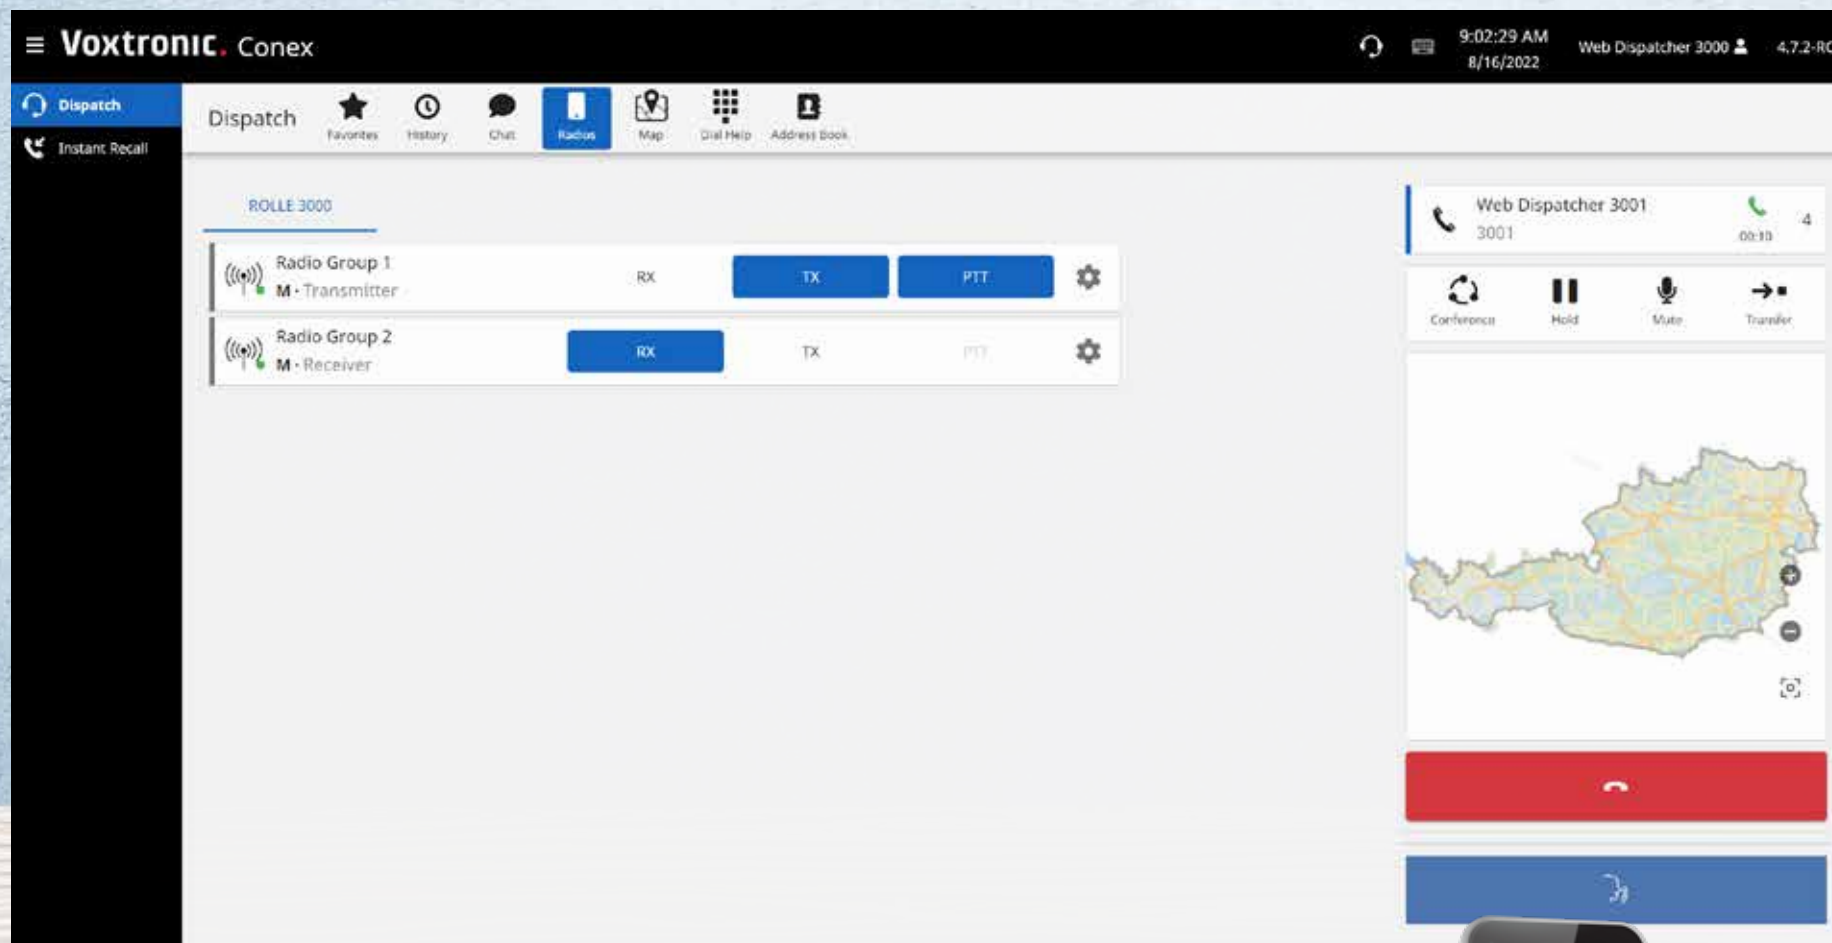

Instant recall

Legally compliant documentation of the workstation.
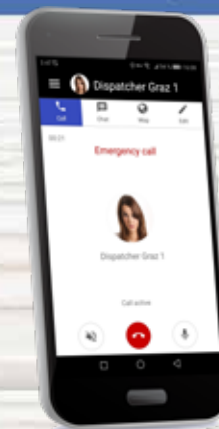

Smart Communication.

Voxtronic.

Benefits

The dispatcher, as the central coordinator, communicates with all task forces and executing agencies, keeping track of all actions. The user friendly interface of Conex™ Dispatch supports fast, reliable and cross-technology communication.

Connectivity of radio systems

MCPTT, FRMCS, DMR, TETRA, GSM-R, ED-137 and analog radio. Operation of single or grouped radio channels.

Numerous operating modes

Telephony, local battery, tunnel emergency call, analog and digital radio, public address system, etc.

Individual role management

Cross-location use of roles. Supports the flexible use of roles at different workplaces.

Centralized management

All operator positions are managed centrally.

Address book management

Individual and central telephone book for all dispatchers.

Video integration

Video telephony, video conferencing and video surveillance.

Web based

- Support of modern HTML5 browsers
- Reduced maintenance effort
- Can also be installed as a desktop application

Mobile

With the Dispatcher's Android app you are flexible, mobile and always reachable.

User Friendly.
